2. The truth and fairness¹ of the attached interim condensed standalone financial statements prepared in accordance with International Financial Reporting Standards applicable to interim financial reporting as adopted by the European Union ('IAS 34') and the proper maintenance of the accounting records are the responsibility of the Company's Management Board. Our responsibility is to issue a report on these financial statements based on our review.
3. We conducted our review in accordance with the provisions of the law binding in Poland and auditing standards issued by the National Council of Statutory Auditors. These standards require that we plan and perform our review in such a way as to obtain moderate assurance as to whether the financial statements are free of material misstatement. The review was mainly based on applying analytical procedures to the financial data, review of accounting records and discussions with the management of the Company as well as its employees. The scope of work² of a review differs significantly from an audit of financial statements, the objective of which is to express an opinion on the truth and fairness³ of the financial statements. Review provides less assurance than audit. We have not performed an audit of the attached interim condensed standalone financial statements and, accordingly, do not express an audit opinion.
