

**CENTRUM BANKU ŚLĄSKIEGO SPÓŁKA Z OGRANICZONĄ ODPOWIEDZIALNOŚCIĄ**

**FINANCIAL STATEMENTS FOR THE PERIOD  
FROM 1 JANUARY TO 31 DECEMBER 2012**

*Katowice, 4 February 2013*

## **INTRODUCTION TO THE FINANCIAL STATEMENTS**

### **1. GENERAL INFORMATION**

Centrum Banku Śląskiego Spółka z ograniczoną odpowiedzialnością ("Company") was established on the basis of the Notarial Deed of 9 December 1997.

The Company is registered in the National Court Register kept by the District Court in Katowice, Commercial Division of the National Court Register, under the number 0000047713.

The Company uses a statistical ID (REGON) 273842724. The Company's registered office is located at 50 Chorzowska Street in Katowice.

The Company's life is unlimited.

On 12 December 2007, the District Court, 8<sup>th</sup> Commercial Division of the National Court Register, in Katowice made a decision to disclose information about the adoption of a resolution on dissolving and liquidating the Company as of 1 December 2007 in the National Court Register. The Company received the decision No. KA.VIII NS-REJ.KRS/027183/07404 on 28 December 2007.

Given the above, from 1 December 2007 to 31 December 2008, the Company used the name Centrum Banku Śląskiego Spółka z ograniczoną odpowiedzialnością w likwidacji (under liquidation).

On 23 December 2008, Members of the Company present at the Extraordinary Meeting of Members adopted resolution No. 1/2008 on further existence of the Company and resolution No. 2/2008 on the dismissal of a liquidator. The resolutions came into force as of 1 January 2009. The decisions were confirmed by the Court's ruling of 7 January 2009, Ref. No. KA.VIII NS-REJ.KRS/000015/09/353, which was received by the Company on 19 January 2009.

Since the Members of the Company adopted the resolution on the Company's further existence, the Company's life is unlimited as of the date of the financial statements, as set out in the Company's Articles of Incorporation.

Starting from 1 January 2009, the Company has been using the name Centrum Banku Śląskiego Spółka z ograniczoną odpowiedzialnością.

In accordance with the resolution adopted by the Board of Directors of ING Bank Śląski SA, in 2009, the Company's core activity consisted in the management of real property at request. In the first half of 2009, the Company prepared and organised processes. The Company started performing duties related to the management of buildings at 34 Sokolska Street and 50 Chorzowska Street in Katowice and 45 Malczewskiego in Warsaw on 1 July 2009. The processes were carried out without changes till 30 June 2010.

On 30 June 2010, on the basis of the Notarial Deed registered in the Notary Public's Register A No. 5997/2010, the Member, i.e. ING Bank Śląski SA in Katowice stated to take over 138 552 new shares in the Company of PLN 1000 each and increase the share capital by PLN 138 552 000, i.e. up to PLN 230 343 000.00.

On 1 July 2010, on the basis of the Notarial Deed registered in the Notary Public's register A No. 6040/2010, all new shares were covered with an in-kind contribution in the form of an organised part of the Bank's enterprise operated under the name of the Commercial Property Management Department, including, without limitation, real properties located in Katowice at 50 Chorzowska Street and in Warsaw at 64A Powsińska Street.

In accordance with the Company's Articles of Incorporation, the Company's core activity comprises:

1. the rental and lease of buildings, structures, residential and commercial premises.
2. the management of non-residential properties;
3. the provision of services related, without limitation, to spatial planning and development, car park management and organisation;
4. the performance of building, construction and renovation civil engineering works.

The financial statements were prepared for the period from 1 January to 31 December 2012.

The Company does not have internal business units that prepare their individual financial statements.

In the period of the financial statements, Centrum Banku Śląskiego Sp. z o.o. did not merge with any company.

## **2. GOING CONCERN**

The Company's financial statements were prepared on the assumption that the Company would continue its activities during 12 months after the balance-sheet date, i.e. in 2013.

As of the financial statement date, the Company's Directors were not aware of any facts or circumstances that would constitute a threat to the continuation of the Company's activity during 12 months after the balance-sheet date because of any intentional or compulsory discontinuance or substantial limitation of the Company's existing activities.

## **3. ACCOUNTING PRINCIPLES (POLICY), INCLUDING PRINCIPLES FOR THE MEASUREMENT OF ASSETS, LIABILITIES AND EQUITY (INCLUDING DEPRECIATION), PROFIT AND LOSS AND THE PREPARATION OF FINANCIAL STATEMENTS**

### *3.1. Format and basis of the financial statements*

The financial statements were prepared in accordance with the Accounting Act of 29 September 1994 (consolidated text in the Journal of Laws No. 2002.76.684 of 17 June 2001, as amended) ["Accounting Act"].

### *3.2. Intangibles*

Intangibles are recognised if it is probable that they will bring future economic benefits to the Company which are directly attributable to such intangible assets. Initially, intangibles are carried at buying prices or production costs. After their initial recognition, intangibles are carried at a buying price or production cost less amortisation or impairment. Intangibles are depreciated on a straight line basis during a period that corresponds to their estimated useful economic life. The useful life is updated every year.

Expected useful economic life is as follows:

Software	5 years
Other intangibles (licences))	5 years

### 3.3. *Fixed assets*

Fixed assets are carried at a buying price, production cost or revalued amount less amortisation and impairment.

All costs incurred after a fixed assets is put into operation, like costs of repair, inspections, maintenance, influence profit/loss of a reporting period in which they are paid. If it is, however, possible to prove that additional expenses increased expected future economic benefits from a given fixed assets over originally assumed benefits, they are added to the beginning value of a fixed asset.

The Company does not own land.

Fixed assets, except for computer sets, are depreciated on a straight line basis during a period corresponding to the estimated useful economic life at the following depreciation rates:

Other fixed assets	20%
--------------------	-----

Computer sets (KST 491) are subject to degressive depreciation of 60%.

The useful life of fixed assets is verified every year and updated, if necessary.

Fixed assets whose beginning value is small and does not exceed PLN 3 500 are recognised under expenses on a one-off basis.

### 3.4. *Investments in real properties*

Investments in real properties are measured at fair value as of the end of each financial period (see: item 6 of supplementary information and explanatory notes).

Investments in real properties including investments in land, perpetual usufruct right, buildings and structures also include such properties that the Company does not use for its own purposes or uses to a small extent, but which have been bought or produced mainly to earn benefits in the form of the growth of value or income from rental.

Consequences of the measurement of long-term investments in real properties which increase or decrease the beginning value of properties are recognised as other operating income or other operating expenses in the profit and loss account.

A change in fair value is recognised in item D.III if fair value increases or item E.II in the case of impairment.

### 3.5. *Short and long-term receivables*

Receivables are recognised at an amount payable less impairment

Receivables are revalued on the basis of the probability of their repayment through impairment. The Impairment of receivables is recognised respectively under other operating expenses or financial expenses depending on the type of receivables subject to impairment.

Amortised, statute-barred or bad receivables reduce the impairments.

Amortised, statute-barred or bad receivables which have not been subject to impairment or have been subject to partial impairment are recognised respectively under other operating expenses or financial expenses.

### 3.6. *Transactions in foreign currencies*

As of the balance-sheet date, assets and liabilities in currencies other than Polish zloty are translated into Polish zloty at mid-point exchange rate of the National Bank of Poland applicable as

of the end of the financial year. Foreign currency translation differences, if any, are recognised respectively under financial income or expenses.

### *3.7. Cash and cash equivalents*

Cash in bank and in hand and short-term deposits are recognised at nominal value.

Cash and cash equivalents disclosed in the statement of cash flows comprises cash in hand, cash in bank accounts and bank deposits whose maturity is not longer than 3 months and which are not recognised as investments.

Under other short-term financial assets, the Company recorded bank deposits whose maturity exceeded 3 months.

### *3.8. Prepayments and accruals*

The Company recognised prepaid expenses if they refer to future reporting periods. Accrued expenses are carried at the amount of probable liabilities attributable to the current reporting period.

### *3.9. Equity*

Equity is recognised at an amount defined in the Articles of Incorporation and disclosed in the National Court Register.

Supplementary capital is recognised in accordance with recommendations specified in the Members' resolutions.

### *3.10. Deferred income tax*

An income tax provision is established in relation to all temporary differences existing as of the balance-sheet date between the tax value of assets, liabilities and equity and their carrying amount recognised in the books of account at 19%.

Deferred income tax assets are recognised for all negative temporary differences, as well as unused deferred income tax assets and unused tax loss carried forward to the following years at the probable amount of future taxable income which will let use such differences, assets and losses.

The carrying amount of a deferred income tax asset is verified as of each balance-sheet date and is reduced to such an extent to which taxable income sufficient to realise a deferred income tax asset partially or fully is no longer likely to be earned.

Deferred income tax assets and provisions are measured at tax rates which are likely to be in force in the period in which an asset will be realised or a provision will be released based on tax rates (and tax regulations) applicable as of the balance-sheet date.

### *3.11. Provisions*

Provisions are recognised when the Company has such a legal or customary obligation resulting from past events or it is certain or highly probable that, if such an obligation is fulfilled, the Company will have to spend funds corresponding to economic benefits and if the amount of such an obligation may be reliably estimated.

### *3.12. Impairment of assets*

As of each balance-sheet date, the Company evaluates whether there are any objective evidence for the impairment of an asset or a group of assets. If there is such evidence, the Company defines an estimated recoverable value of the asset and recognises its impairment equal to a difference between a recoverable value and a carrying amount. Impairment loss is recognised in the profit and loss account for the current period under other operating expenses as revaluation of non-financial assets.

### *3.13. Income recognition*

Income is recognised at such an amount at which the Company is likely to earn economic benefits that may be reliably measured.

#### *3.13.1. Service provision*

Income from service provision is recognised proportionally to service completion provided that a degree to which a service is completed can be reliably estimated. If the effects of a transaction connected with service provision cannot be reliably measured, income from service provision is recognised only up to costs incurred thereunder.

The major source of income is the rental of office and commercial premises on the basis of relevant agreements. Income is recorded on the basis of monthly invoices that are issued in advance. A base rent rate is expressed in euro and an invoice net value is defined on the basis of a EUR/PLN exchange rate of the National Bank of Poland that is applicable as of the invoice date.

An additional source of income is the provision of commercial property management at request. Such income is recorded on the basis of monthly invoices that are issued in accordance with contractual terms and conditions.

#### *3.13.2. Sale of materials*

Sales are recognised the moment substantial risks and benefits resulting from property rights to materials or products are transferred to a buyer. Sales comprise amounts paid and payable less VAT.

#### *3.13.3. Interest*

Interest income is recognised the moment interest is charged, unless the receipt of interest is doubtful.

### *3.14. Profit / loss*

Profit or loss is defined in accordance with the Accounting Act, i.e. on an accrual basis, in accordance with prudent valuation principle, going concern principle, and the principle of income and expense matching in a given financial year.

### *3.15. Income tax*

An income tax base (tax loss) is defined on the basis of books of account by eliminating non-taxable income and expenses from the Company's income and expenses and including those income and expenses that have not been recognised in the books and have not been recognised as taxable in the light of the corporate income tax act.

## 6. INVESTMENTS

### *Long-term investments*

In accordance with the Accounting Act (Art. 3.1.17), investments comprise assets bought to earn economic benefits resulting from:

- the growth of the value of such assets,
- interest (e.g. on deposits),
- dividends (e.g. from shares or interests in other business entities),
- other benefits (e.g. from rental or lease),
- profit from commercial transactions (e.g. sale of land at a price higher than a buying price).

The Company owns commercial properties (office buildings) that are used for rental, thus, in the Company's opinion, its income from rental must be recognised under other benefits from own buildings.

Based on the Accounting Act (Art. 4.2), business events must be recorded in the books of account and disclosed in the financial statements in accordance with their economic content in accordance with solutions permitted by the Act and adjusted to the Company's needs. Therefore all operations that are important to assess the Company's assets, financial position and performance must be separated in the books of account in accordance with the prudence principle (Art. 8.1). The Company decided that its core business activity, i.e. services consisting in the rental of commercial premises in the Company's own real properties specified in the Company's Articles of Incorporation, the Regon certificate, as well as the court register as core activity, should not influence the manner how such real properties are recognised. Real properties were classified as investments on the basis of a statutory definition and the economic content of the whole transaction.

While, in accordance with § 5 of IAS 40, investment property is property (land, building or both land and building) held by the owner to earn rentals or for capital appreciation or both.

Based on § 10 of IAS 40, which recommends to recognise a building as long-term investment event if an insignificant part of property is occupied, for example, for administration purposes of the Company, the Company decided that its use of a part of the building at 50 Chorzowska Street for the Company's own purposes (including, without limitation, building administration and management and own offices) may not influence the classification of the building as investment.

For such a reason, the Company decided that properties it owns met the criteria for investments and they were measured and accounted for as such in the 2012 statements.

If buildings owned by the Company are accounted for as investment property, they are measured at fair value in accordance with the Accounting Act and International Accounting Standards.

**Centrum Banku Śląskiego Spółka z ograniczoną odpowiedzialnością**  
 Financial Statements for the Year Ended 31 December 2012  
 Supplementary Information and Explanatory Notes

Fair value of properties as of 31 December 2012 was accepted by the Directors and recognised in the books on the basis of the valuation made at the Company's request by Contract Consulting Sp. z o.o. with its registered office in Kraków.

The valuation assumed that individual buildings at 64a Powsińska Street in Warsaw and 50 Chorzowska Street in Katowice would be measured separately.

The valuation was based on the following parameters:

- the level of rental in the following years both for the building at Powsińska Street and the building at Chorzowska Street was estimated on the basis of currently applicable rental agreements and current information about progress of negotiations with potential tenants;
- estimations related to future agreements take into account the most real (in the opinion of experts) level of square meter rates, administration and maintenance costs (including necessary expenses for renovations and repairs);
- a discount rate based on the character and risk of investment was defined.

Summing up, the statements prepared as of 31 December 2012 assumed that the Company owned investment properties of PLN 131 781 000.00 net in total.

The following table presents more details:

Investment properties	Year ended 31 December 2012

Total deferred income tax assets	<b>151.953.00</b>	<b>42.183.00</b>

In 2012, the Company recorded deferred income tax assets for a temporary difference between the carrying amount and tax value of investment properties.

The temporary difference between the carrying amount and tax value of PLN 12 065 660.76 of the building at 64 Powsińska Street results from the fact that the fair value of the building as of 31 December 2012, as recognised in the Company's books, is bigger than the net tax value of the building as of the same day by PLN 10 278 673.52.

While, the fair value of the building at 50 Chorzowska Street is bigger than its tax value by PLN 1 786 987.24.

The net tax value of properties as of the balance-sheet date is PLN 119 715 339.24, including (in PLN):

- the building at 64 Powsińska Street	626 326.48
- the building at 50 Chorzowska Street	119 089 012.76

In addition, the deferred income tax provision was influenced by the estimated income from deposits opened in 2012.

The deferred income tax asset for the costs of 2012 was not recorded till the balance-sheet date.
