Business and Financial Results for Q1 2017

Katowice, 10 May 2017

ING

## Investor Information

ING Bank Śląski S.A. develops the financial statements under the International Accounting Standards (IAS) adopted by the European Union (IFRS-EU).

The financial information presented in this document has been prepared based on the same accounting principles as applied in the ING Bank Ślqski S.A. Annual Report. All figures in this document are unaudited. Small differences in figures are possible.

Certain statements contained herein are not historical facts; some of them in particular are forecasts and future expectations that are based on current views and assumptions of the Management Board and that involve known and unknown risks and uncertainties. Actual results, performance or events may differ materially from data contained or implied in such statements due to the following: (1) changes in general economic conditions, (2) changes in performance of financial markets, (3) changes in the availability of, and costs associated with, sources of liquidity such as interbank funding, as well as conditions in the credit markets generally, including changes in borrower and counterparty creditworthiness, (4) changes affecting interest rate levels, (5) changes affecting currency exchange rates, (6) changes in general competitive factors, (7) changes in laws and regulations, (8) changes in the policies of governments and/or regulatory authorities, (9) conclusions with regard to purchase accounting assumptions and methodologies. ING Bank Śląski S.A. assumes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information or for any other reason.

## Agile in ING Bank Ślq̨qki S.A.

ING (B)

The reality in which we operate is subject to a rapid change and is moving towards technology...

...so we need to know completely new terms, features and roles...

## ...in which we want to work more efficiently...

## ? Roles \& functions in new structure:

TRIBE is a set of teams called scrums joined by common mission. Usually Tribe consists of approx. 50 100 employees coordinated by Tribe Leader who also plays a linking pin role between other Tribes.
SCRUM its an interdisciplinary self-organizing team that delivers concrete products in regular cycles called sprints. It performs tasks according to the task lists backlog

Tribe Leader - is responsible for work of all teams and ensures that project carried out in Tribe are in line with the Bank strategy.

Roles
\&
functions:

Agile Manager - supports Tribe Leader in day-to-day activities including managing, communication, ensures quality of work within the teams.
Agile Coach - ensures effective usage of the Agile methodology by upgrading and retaining knowledge across the organization and by inspiring and developing scrum teams.
Product Owner - responsible for scrum activities, manages backlog and sets priorities.
Chapter Leader - responsible for coordination of the actions within particular area, ensures personal development of employees, additionally is part of the scrum.

## ...while pursuing coherent goals in one location...

$\overrightarrow{A G \| E}$

Coherent goals and shared responsibility

Within TRIBE, we introduce common goals and development tasks for all team members.

Goals and tasks will consider the requirements that we have faced so far as departments from business, operations and IT areas.

## One location for more

 than 500 people :We applied the Agile approach to more than 500 employees. For them we have rebuilt 8 floors in the new standard - Agile Tower.

## ...in our new working model - Agile

## Business development

ING

## Retail banking

New offers and development of client base

- 4.33 million retail clients $\rightarrow+108$ th. gross new clients acquired in Q1 2017

## Dictionary

## Simplified definitions of presentation terms :

- Retail clients - individuals and entrepreneurs being sole traders.
- Corporate clients - mid, big corporates and strategic clients (holdings).
- Mid corporates - corporates of annual turnover of up to EUR 10m.
- Big corporates - corporates of annual turnover between EUR 10m and EUR 125m.
- Strategic clients - holdings of annual turnover over EUR 125m.
- Net interest margin - the ratio of net interest income to the average value of interest earning assets (incl. loans, bonds) in a given period.
- C/I ratio - the ratio of costs (excluding risk costs and bank levy) to bank's revenues (excluding the share in the net profit of associated entities).
- Risk costs - the net result of created and released provisions due to the deterioration in value/quality of bank's financial assets (e.g. loans) to the average value of gross loans.
- Coverage ratio - the ratio of created provisions to the impaired loans.
- Bank levy - tax from certain financial institutions; in the case of banks it is paid monthly on the surplus of assets over own funds, treasury bonds and fixed level of PLN 4 billion; the tax rate is $0.0366 \%$ monthly ( $0.44 \%$ annually).
- ROA - the ratio of net profit to the average assets in a given period.
- ROE - the ratio of net profit to the average equity in a given period.
- L/D ratio - Loan to deposit ratio; the ratio describing what portion of deposits was used to fund lending.
- MCFH - Macro Cash Flow Hedge; revaluation reserve from measurement of cash flow hedging instruments.
- Risk weighted assets - the sum of assets multiplied by the risk weights of a given asset category.
- Tier 1 ratio - the ratio of Tier 1 capitals (the capitals of the highest quality) to the bank's risk weighted assets.
- Total capital ratio - the ratio of total own funds (including subordinated debt (so-called Tier 2)) to the bank's risk weighted assets.
