## ING Bank Śląski S.A.

Business and Financial Results for Q2 2017

Warsaw, 2 August 2017

## Investor Information

ING Bank Śląski S.A. develops the financial statements under the International Accounting Standards (IAS) adopted by the European Union (IFRS-EU).

The financial information presented in this document has been prepared based on the same accounting principles as applied in the ING Bank Ślqski S.A. Annual Report. All figures in this document are unaudited. Small differences in figures are possible.

Certain statements contained herein are not historical facts; some of them in particular are forecasts and future expectations that are based on current views and assumptions of the Management Board and that involve known and unknown risks and uncertainties. Actual results, performance or events may differ materially from data contained or implied in such statements due to the following: (1) changes in general economic conditions, (2) changes in performance of financial markets, (3) changes in the availability of, and costs associated with, sources of liquidity such as interbank funding, as well as conditions in the credit markets generally, including changes in borrower and counterparty creditworthiness, (4) changes affecting interest rate levels, (5) changes affecting currency exchange rates, (6) changes in general competitive factors, (7) changes in laws and regulations, (8) changes in the policies of governments and/or regulatory authorities, (9) conclusions with regard to purchase accounting assumptions and methodologies. ING Bank Śląski S.A. assumes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information or for any other reason.

## Dictionary

## Simplified definitions of presentation terms :

- Retail clients - individuals and entrepreneurs being sole traders.
- Corporate clients - mid, big corporates and strategic clients (holdings).
- Mid corporates - corporates of annual turnover of up to EUR 10m.
- Big corporates - corporates of annual turnover between EUR 10m and EUR 125m.
- Strategic clients - holdings of annual turnover over EUR 125m.
- Net interest margin - the ratio of net interest income to the average value of interest earning assets (incl. loans, bonds) in a given period.
- C/I ratio - the ratio of costs (excluding risk costs and bank levy) to bank's revenues (excluding the share in the net profit of associated entities).
- Risk costs - the net result of created and released provisions due to the deterioration in value/quality of bank's financial assets (e.g. loans) to the average value of gross loans.
- Coverage ratio - the ratio of created provisions to the impaired loans.
- Bank levy - tax from certain financial institutions; in the case of banks it is paid monthly on the surplus of assets over own funds, treasury bonds and fixed level of PLN 4 billion; the tax rate is $0.0366 \%$ monthly ( $0.44 \%$ annually).
- ROA - the ratio of net profit to the average assets in a given period.
- ROE - the ratio of net profit to the average equity in a given period.
- L/D ratio - Loan to deposit ratio; the ratio describing what portion of deposits was used to fund lending.
- MCFH - Macro Cash Flow Hedge; revaluation reserve from measurement of cash flow hedging instruments.
- Risk weighted assets - the sum of assets multiplied by the risk weights of a given asset category.
- Tier 1 ratio - the ratio of Tier 1 capitals (the capitals of the highest quality) to the bank's risk weighted assets.
- Total capital ratio - the ratio of total own funds (including subordinated debt (so-called Tier 2)) to the bank's risk weighted assets.
