Total Bank's capital ratio (%)	18.02%	18.13%	17.84%	-0.6%	1.0%

Explanations:

C/I - cost/income ratio – the ratio of the sum of total costs and tax on certain financial institutions to the result on basic activities increased by the amount of share in the net profit of associates accounted for using the equity method.

ROA - return on assets - net profit attributable to shareholders of ING Bank Śląski S.A. for 4 subsequent quarters to average assets for 5 subsequent quarters.

ROE - return on equity – net profit attributable to shareholders of ING Bank Śląski S.A. for 4 subsequent quarters to average equity for 5 subsequent quarters.

NIM - total net interest income for 4 consecutive quarters to average interest assets for 5 consecutive quarters.

L/D - loans-to-deposits ratio – loans and receivables to customers (net) to liabilities due to customers.

Total capital ratio - relationship between own funds and total risk exposure amount.

*) In the data for 2023, the amount of the restructuring provision in the amount of PLN 86.1 million is recognised in the *Personnel expenses* item. In 2023, the Bank's Management Board decided to continue in 2024-2026 the process initiated in 2016, which is related to the employment restructuring resulting from the continuation of a long-term project to evolve the Bank's organisational structure, including, above all, further optimisation of the number of outlets and development of digital channels in the retail segment, reconstruction of the organisational structure and processes in the corporate segment, as well as optimisation and automation of processes in the Bank's business support units. The created restructuring reserve is intended to cover personnel costs.

value adjustments due to the requirements for prudent valuation	-28.2	-27.1	-20.1
goodwill and other intangible assets	-436.4	-518.2	-467.6
deferred tax assets that rely on future profitability and do not arise from temporary differences net of associated tax liabilities	-519.2	-517.4	-1,038.1
shortage of credit risk adjustments versus AIRB expected losses	-281.6	-166.0	0.0
coverage shortfall for non-performing exposures	-22.9	-26.4	-10.1
transitional adjustments to Common Equity Tier 1 capital	146.1	160.0	594.5
capital instruments that qualify as Tier 2 capital	1,507.0	1,622.5	1,641.4
Own funds taken into account in total capital ratio calculation (A.I. + B), including:	17,828.7	17,722.0	17,796.2
Core Tier 1 capital	16,321.7	16,099.5	16,154.8
Tier 2 capital	1,507.0	1,622.5	1,641.4
Risk weighted assets, including:	106,555.6	106,992.5	109,739.3
for credit risk	92,636.2	93,022.4	95,759.9
for operational risk	12,566.4	12,566.4	12,566.4
other	1,353.0	1,403.7	1,413.0
Total capital requirements	8,524.4	8,559.4	8,779.1
Total capital ratio (TCR)	16.73%	16.56%	16.22%
Minimum required level	11.322%	11.510%	11.505%
Surplus TCR ratio over the regulatory requirement	5.41 p.p.	5.05 p.p.	4.71 p.p.
Tier 1 ratio (T1)	15.32%	15.05%	14.72%
Minimum required level	9.322%	9.510%	9.505%
Surplus T1 ratio over the regulatory requirement	6.00 p.p.	5.54 p.p.	5.21 p.p.

In calculating the capital ratios, the Group used the transitional provisions to mitigate the impact of the implementation of IFRS 9 on the level of own funds. If the Group did not apply the transition period, the Group's TCR and T1 capital ratios would be as follows:

- 16.60% and 15.19% as at 31 December 2023,
- 16.42% and 14.91% as at 30 September 2023.

Additionally, from 31 December 2022, the Group temporarily treats unrealized gains and losses measured at fair value through other comprehensive income in accordance with Art. 468 of the CRR Regulation. If the Group does not apply the transitional period for the implementation of IFRS 9 or temporarily treat unrealized gains and losses measured at fair value through other comprehensive income in accordance with Art. 468 of the CRR Regulation, capital ratios as at 31 December 2022 would be as follows:

- 15.81% - the total capital ratio (TCR),
- 14.21% - Tier 1 capital ratio (T1).

12. Legal risk related to the portfolio of loans indexed to CHF

The Group has receivables due to retail mortgage loans indexed with the CHF exchange rate. The table presents the number and individual elements of the gross and net balance sheet value of these receivables.

In addition, as at 31 December 2023, the Group estimated the provision for legal risk of CHF-indexed mortgage loans in the amount of PLN 128.4 million (PLN 93.4 million as at 30 September 2023), which applies to CHF-indexed mortgage loans removed from the statement of financial position and some loans recognized in the statement of financial position for which the estimated loss value exceeds gross exposure. As at 31 December 2022, the provision amounted to PLN 53.7 million, related entirely to CHF-indexed mortgage loans removed from the statement of financial position. The described provision is presented in liabilities under *Provisions*.

	as at 31 Dec 2023	as at 30 Sep 2023	as at 31 Dec 2022
number of contracts (in pieces)	2,753	2,868	3,318
capital balance	583.6	627.6	719.0
the amount of the adjustment to the gross carrying amount	-510.2	-475.7	-581.6
other elements of the gross carrying amount (interest, ESP)	3.1	2.7	2.1
gross balance sheet value	76.5	154.6	139.5
impairment for expected credit losses	-7.6	-11.2	-16.2
Net carrying amount of CHF-indexed mortgage loans	68.9	143.4	123.3
Provision for legal risk of CHF-indexed mortgage loans	128.4	93.4	53.7

As at 31 December 2023, there were 1,389 court cases pending against the Bank (1,305 cases as at 30 September 2023 and 1,041 cases at the end of 2022) in connection with concluded CHF-indexed loan agreements in PLN. The outstanding principal of the mortgage loans to which the proceedings related was PLN 290.6 million as at 31 December 2023 (PLN 291.7 million as at 30 September 2023 and PLN 251.8 million at the end of 2022).

To date, the Bank has not received any class action, and neither of the clauses used by the Bank in the agreements has been entered in the register of prohibited clauses.

At 31 December 2023, potential losses from legal risk are estimated as a probability-weighted average of the three scenarios – baseline, positive and negative – taking into account the estimated probability of occurrence. The scenarios on which the estimation is based are varied in terms of the expected number of court cases (calculated on the basis of the Bank's professional judgment resulting from the Bank's previous experience and analysis of the current market situation in cases ended with an annulment judgment), as well as the scale of settlements with clients expected by the Bank.

As at 31 December 2023, for the portfolio of CHF-indexed mortgages included in the statement of financial position, the Bank assumes in each scenario that for a specific part of the portfolio, the following may occur:

- cancellation of the loan agreement at the end of the final judicial proceedings or
- conversion of loans from CHF-indexed to PLN-denominated loans (whose interest rate is based on the WIBOR rate) through voluntary settlements.

The calculation of losses in the event of annulment of the loan agreement is based on the assumption that the Bank will return the installments to the customer and return the principal of the loan granted to the Bank by the customer, without taking into account the Bank's recovery of remuneration for the borrower's use of the capital. This solution, depending on the scenario, covers from 60% to 75% of the portfolio of CHF-indexed mortgage loans included in the statement of financial position, which are not subject to legal proceedings. For CHF-indexed mortgage loans recognised in the statement of financial position being the subject of litigation, the Bank recognised the full loss resulting from the annulment.

Calculation of losses in the case of conversion of loans indexed to CHF into loans denominated in PLN through voluntary settlements was made in accordance with current estimates and terms of settlements offered by the Bank together with the right to remuneration. This solution, depending on the scenario, covers from 5% to 15% of the portfolio of CHF-indexed mortgage loans recognized in the statement of financial position.

As at 31 December 2023, for financial assets already removed from the statement of financial position, the Bank assumes in each of the scenarios that for a specific part of the portfolio, the loan agreement may be invalidated after the end of final court proceedings. The calculation of losses in the event of annulment of a loan agreement is analogous to the one in the case of the portfolio of CHF-indexed mortgage loans recognized in the statement of financial position. This solution, depending on the scenario, covers 11% to 19% of financial assets already

removed from the statement of financial position, which are not subject to legal proceedings. For mortgage loans already removed from the statement of financial position being the subject of litigation, the Bank recognised the full loss resulting from the annulment.

The change in the estimate due to the adjustment to the gross carrying amount of CHF-indexed mortgage loans recognised in the statement of financial position and the provision for financial assets already removed from the statement of financial position in 2023 compared to their balance as at 31 December 2022 resulted from the periodic review of the main assumptions of the calculation, taking into account the expected number of new cases and the update of other model parameters.

The main source of uncertainty for the estimates described above is the number of disputes and the willingness of customers to conclude settlements in accordance with the program offered by the Bank.
